NOTES OF LISH.

If I only had a job, he said,
All will be well for sonney;
He got the job, but it meant work,
So he quit and had no money.

If I only had a job, he said,
A job will end my sorrow;
He got next, so did the boss,
When he caught sonney loafing.

If I only had a job, he said,
A job will end my sorrow;
He'll find a job and quit again,
And hunt anew tomorrow.

Friday morning Chief of Police James Mackey, Officer Dudley Fizer and Special C. & O. Detective Thomas Stewart that on Thursday night some one had broken a seal on a C. & O. freight car loaded with tobacco on the American Tobacco Company's siding in the East End and taken a portion of a hoghead of the weed. After an investigation the officers arrested Henry Stewart and Ernest Morton, both colored, on the charge.

In the course of the examination that followed the men admitted stealing the tobacco and said they intended to sell it over the local breaks.

They will be taken before Federal Judge A. M. J. Cochran, as breaking a seal on a freight car is in the jurisdiction of the Federal court.

WITHOUT THE RIGHT

Thousands Are Voting, Says Attorney General Logan—Those Convicted In United States Court Are Disfranchisement.

Several thousand citizens of the state of Kentucky have been exercising their suffrage, when, according to Federal statutes, they have been disfranchised. This state of affairs has come to light through investigations made by Attorney General M. M. Logan of Frankfort; United States Marshal R. C. Ford and United States District Attorney Slattery of Covington. Attorney General Logan was consulted with reference to his construction of Federal Statute No. 335, which reads as follows:

"All offenses, which may be punished by death or imprisonment for a term exceeding one year, shall be deemed felonies. All other offenses shall be deemed misdemeanors."

The Attorney General advised Marshal Ford, after a conference, that he construed the statute to mean that all persons, convicted in the United States court, are disfranchised. The Federal statute has been in existence since 1903.

Section 1439 of the Kentucky State Statutes reads as follows:

"Persons convicted in court of competent jurisdiction of treason or felony or bribery in an election or for such high misdemeanors as the General Assembly may declare shall be excluded from the right of suffrage; but persons hereby excluded may be restored to their civil rights by executive pardon."

Attorney General Logan holds that none but the President of the United States, under this section of the State Statutes, can pardon and restore civil rights to persons thus disfranchised. United States Marshal Ford declared that the knowledge of the fact that convictions for illegal sale and manufacture of whisky constitutes a felony and means the disfranchisement of those so convicted, will have a tendency to greatly reduce the number of violations of the law pertaining to the manufacture of whisky. The records in the United States District Court at Covington show that several thousand persons have been convicted of "boot-legging and moonshining" since the enactment of the Federal Statutes, making it a felony subject to disfranchisement for such violations.

Basket Ball Notes

Manchester High School No Match For Maysville and Locals Win By Largest Score In Years.

Those who have been awaiting the basketball game between the Maysville and Manchester High School teams were more than pleased with the result, as the local lads trimmed the up-river players to the tune of 59 to 17. The game was played Friday night in the High School gymnasium. The followers of the local team were somewhat discouraged at the showing made by the team on the down-river trip in which it lost every game and were anxiously awaiting the time for the Manchester team to be tackled and see the return to form of the locals.

The Gold and White started the game with a grim determination to redeem themselves. The ball had hardly been thrown up at center until by rapid passing and accurate shooting Everett, the rapid little forward

Everett Started the Work That Hung Up the First Goal.

of M. H. S., had rung up a goal. Once started the Maysville boys could not be stopped and when time for the first half was called the score stood 49 to 7 in their favor.

After a brief intermission the game was resumed and with their second string men in the lineup Maysville continued to pile up points on the boys from the pearl button town, the final score resulting Maysville 59, Manchester 17.

This game was the most remarkable ever played by any M. H. S. team and several records were smashed, Everett breaking the goal throwing record with twelve, while the score was the largest ever made by a local high school team. The lineup:

Maysville
Hampton R. F. Carroll
Everett L. F. Pennywitt
Smoot C. McNeil
Parker R. G. Bell
Shea L. G. Brittingham
Field Goals—Everett 12, Hampton 7, Smoot 5, Kerr 2, Shea, Parker, Carroll 4, Pennywitt 3.
Foul Goals—Hampton, Pennywitt, Carroll.
Referee—Mance.
Attendance—100.

MR. JAMES FINNERTY TO OPEN GROCERY AND MEAT STORE ON MARKET STREET.

Market street is to have another new store. Mr. James Finnerty will, within the next few days, open a fancy grocery and meat market in the building formerly occupied by Mr. Edward Whittington. Mr. Finnerty, who has had several years' experience in the grocery and meat business, will keep one of the most up to date stores in the city and will no doubt enjoy a good patronage. The opening of this place of business leaves but few vacant rooms on Market street, which for a short time after the closing of the saloons looked very desolate.

LEAF YEAR DANCE SUCCESS.

The first Leap Year dance of the season was given by the fair sex of Maysville at Neptune Hall Friday night. One of the largest crowds that ever attended a dance in this city was present to enjoy the music by Goodwin's Trio of Lexington. Lunch was served at the F. H. Traxel & Company dining room. Among the out-of-town guests were Miss Curry of Carlisle, and Misses Wallingford, Hull and Jenkins of Flemingsburg.

ADDITION TO STABLE.

Mr. Allie James, the East Second street liveryman, is building a large addition to his large feed and sale barn. This addition will enable Mr. James to care for his growing patronage.

"BASEBALL FOR SPORT"

Slogan For Proposed Reorganized Blue Grass League—Maysville, Lexington and Frankfort Club Officials Held Conference—Plans Were Outlined.

(Lexington Herald.)

Tentative plans for the reorganization of the old Blue Grass League, with the Central Kentucky towns members, were discussed here yesterday by magnates of the Lexington, Maysville and Frankfort baseball teams. The conference was informal and was held at the furniture store of Colonel C. F. Brower, president of the local club. Tom Russell, president of the Maysville club, was in Lexington, and C. W. Hay, president of the Frankfort club, was talked with over long distance telephone. Hogan L. Yancey, a heavy-holding director, and Stephen James, secretary of the club, were also present.

"Baseball for sport" will be the slogan of the proposed new league, with general running expenses reduced sufficiently to permit the clubs to break even at the end of the season. Few of the magnates of the present Ohio State League are in baseball for profit. It is declared, and all would be content to go through each season without a loss, giving their time and attention to it for the love of the sport.

Six Clubs Proposed.

Visits will be made in the near future to Paris, Richmond and Winchester in an effort to revive the old circuit, and Lexington, Frankfort and Maysville already have declared their allegiance to the Blue Grass League if the neighboring cities in the Central Kentucky section will join them. It is believed that sentiment in these towns is rapidly crystallizing for professional baseball again, and prospective backers will be interviewed within the next week, doubtless, by the men already affiliated with the Ohio State League.

The secretary of the local club already has written to these towns to determine the men interested in the game, and has suggested that Joe F. Carr, now president of the Ohio State League, be called into conference. President Carr, however, doubtless would not welcome the change, it is believed, if it is to rob the Ohio State League of some of its most valued

members. He is known to be optimistic over baseball conditions for the present season, with a plan to enlist other cities to make the old organization the staunch circuit its backers would like to see fit.

Magnates Are Dubious.
In the past, however, local magnates, and last year oil of them, dropped a tidy little sum in the operation of the club, and are not over-eager to repeat the experience, although with a well organized circuit, with other economies, baseball might well become profitable.

President Hay assured the backers of the Maysville and Lexington clubs yesterday that Frankfort is again ready to enter baseball, and will stand with them in any movement they make for the betterment of conditions surrounding the national pastime in central Kentucky. Other conferences will be held in the future to determine the exact status of affairs.

THE HOME OF QUALITY CLOTHES

TWENTY-FIVE YEARS AGO MOST MEN WENT TO A CUSTOM BOOT MAKER FOR THEIR SHOES, BUT HOW MANY GO TODAY?

The shoe stores multiplied astoundingly because they sell more shoe fit, comfort and value than the custom boot maker. The ready-for-use makers have studied and classified every foot until they can fit it exactly. It is simply a matter of a courteous clerk measuring your foot to find the right standard, size and shape; then you have shoe satisfaction.

THAT IS TRUE OF CLOTHING ALSO. IN "HECHINGER" CLOTHES YOU CAN GET THE EXACT FIT YOU CRAVE WHETHER YOU ARE STOUT OR SLIM, TALL OR SHORT.

A very slight adjustment is probably all you need—this is possible because we have concentrated fifty-five years of close study on the assembling of clothes that do fit. The values, the fabrics and the workmanship are high in keeping.

Make it a point to come in and let us prove it to you.

HOBBIES

A prominent physician tells us that "hobbies" are healthy things for us to have, and we feel that we must be blessed with unusually good health, as we have ALWAYS had a hobby—and it's

HARNESS!

Years ago, when leather sold for nineteen cents a pound, our boast was that we made the best harness that could be made of good leather, good thread and good workmanship. Now, when that same kind of leather is selling for forty-nine and fifty cents a pound, we still maintain that we have the best harness that can be made. All you have to do to prove that we are telling you facts is to go to the next "sale," and hear Col. Hensley Hawkins say in that musical drawl for which he is so famous, "This is a set, gentlemen, of Mike Brown's Harness. What do you bid?" Then's when you can see the farmer "set up and take notice," for he knows there will be some bidding on that harness.

This is the time of the year, when Harness is foremost in every farmer's mind, and this is the time of the year, also, when we are ready to sell him. All winter long our men have been making up harness for Spring trade, and now we are ready. Of course, it's higher than when our grandfathers used to buy it, but, considering the price of leather, it's a wonder how low in price and high in quality the Square Deal harness is.

Come in, gentlemen, we are ready to rig up those horses.
